---

## CORPORATE MEMBERSHIP

The Japan Society of Boston organizes events across New England that bring Japan and America together for friendship, culture, and commerce. Our Society also supports other Japan-related organizations through direct collaboration and by sharing information as a resource for everyone who loves Japan. We are sustained by donations from individuals and companies in the US and Japan who share our vision.

### Featured Projects

We organize diverse events to bring the best of Japan to Boston and to foster meaningful relationships.

- Fukushima Youth Sinfonietta
- Youth Exchanges
- Guest Musicians
- Cultural Experiences
- Brown Bag Speaker Series
- Networking Socials
- Business Seminars
- Language Instruction

### Annual Gala Dinner

Each April, we gather to honor special contributors to the Japan/America friendship and to celebrate the year's achievements together. Award recipients have included:

- Caroline Kennedy, Former Ambassador to Japan
- Joi Ito, Director, MIT Media Lab
- Richard Gere, Actor, Golden Globe Award Winner
- Yasuchika Hasegawa, Chairman and former CEO, Takeda Pharmaceuticals
- Kazuo Inamori, Chairman, Japan Airlines; Founder, Kyocera Corporation
- Dr. Shinya Yamanaka, Nobel Laureate; Director of Center for iPS Cell Research and Application

### Japan in Boston Calendar

We compile event information from many Japan-centered organizations around New England to share with thousands of Japan enthusiasts through our popular website and biweekly emails.

### JSB Office at 50 Milk St.

We are part of the Cambridge Innovation Center, with access in Boston and Cambridge to event space for conversations, luncheons, seminars, socials, and more.

## Corporate Partners

We find strong support among the corporate leaders in Boston whose personal lives and businesses have been enhanced by Japan and its people. We work closely with our partners to understand company priorities and ensure that you get connected with our board and community. We have hosted delegations from Japan and to Japan, made key introductions to potential collaborators, and done in-house cultural and business training. Corporate partners make annual membership contributions and sometimes fund additional projects that align with their corporate social responsibility goals. Membership carries additional benefits for select employees, such as access to our directory, member-only invitations, and discounts at events, restaurants and retail. Partnering with the Japan Society of Boston will enhance your people and your business position.
